1/30 Gilbert Street Torquay 3228

## School / Home Consultation Payment Authorisation

Heartful Minds practitioners conduct a large number of assessments, observations and ongoing counselling sessions at schools and homes.

Payment is required on the day of service for appointments in the clinic. For school/home consultations we require credit card details on file before we see clients in sessions.

**Please note payment will be deducted from credit card within 1-5 working days of the session.**

For clients receiving regular counselling sessions we prefer to put these payments through on credit card on the following working day and email out paid receipts.

Rebates and claims on private health are able to be processed by you more quickly, minimising out of pocket costs.

I authorise **Heartful Minds** to charge my credit card on the next working day after my consultation session.
